Outreach Projects

It's been a busy few months! We've been working with our Mechapa residents, Hotel Guests, the Reserva Natural guardians, and Caso Pacifico to preserve the area and enrich the lives of those around us.

- Redwood Beach Resort was nominated to be the local coordinator for the **International Coastal Clean-Up**. This annual event took place this year on September 19th and it was a great day to give our beautiful beach and the road in Mechapa more attention and clean up garbage. 35 residents donned T-shirts donated for the event and worked tirelessly to make this environment safer and cleaner. Afterwards, we drank coconut water at the Resort.
- October 16th marked a special day for the **students of Mechapa** attending class. They were focusing on **Health & Hygiene** issues. Dr. Jay and Marty from the United States delivered toothbrushes and toothpaste donated by Dr. John. Dr. Jay gave a demonstration to the students on proper brushing technique. Thank you Jay, Marty and John for your donations and time! We also thank all of our guests who have brought Good Mommy Care Packages and other donations to the village.
- Redwood Beach Resort is partnering with **Fundacion Lider, MA-RENA** and the local **Reserva Natural** organizations to help the "Save the Turtles" program and offer safe and environmentally-friendly trips to the volcano and surrounding areas. We are looking forward to being the only business in the area who works with these governmental organizations to ensure that the Natural Reserve retains its' beauty for generations to come.
- In September, we hosted **Jon Goering**, a free-lance photographer, who came to NW Nicaragua to take photos of the area. Please look at his work at his website. Many of the new photos you see on our site were taken by him! www.jonkgoering.com. He is also raising
